PUBLIC FUNDS

Local Authorities: enabled by Local Authorities (Historic Building) Act 1962 and Planning (Listed Buildings and Conservation Areas) Act 1990 permit a local authority (whether a county, district or parish council level) to contribute grants or loans towards repair and maintenance of churches. Local authorities should be encouraged to make greater use of this power to assist in maintaining what is often one of the chief local cultural assets and tourist attractions. Enquiries should be addressed to the Planning Officer concerned. Tenacity and support of local councillors is useful!
